

Where innovative packaging ideas come to life

At Eastern Box Company we manufacture corrugated packaging, die-cut, 'retail-ready', 'point of sale', FSDU and full colour retail display packaging.

In addition we supply pallet transit packaging for the agricultural industry and protective packaging used in food manufacturing, mail order & retailing and manufacture heavy duty and export packaging, and pallet boxes.

We manufacture corrugated packaging in a wide variety of sizes and styles, can print from 1 colour to full colour and manufacture from just a few hundred up to 100,000 depending on raw material availability.

The company prides itself on being able to solve diverse and complex packaging problems that many conventional box makers are unable to handle, and regularly finds itself dealing with designs that are difficult to produce.

Our mission is to use our combined expertise to solve packaging problems and provide our customers with cost-effective solutions. Our aim - to offer value for money, unequalled service, flexibility and rapid response.

The company holds both ISO9001 and ISO14001 accreditation which demonstrates its commitment to quality and guarantees to customers that the company has in-house systems in place to cover quality control, manufacturing, delivery and full traceability.

Considerable investment has been made in state of the art manufacturing equipment. Twelve major purchases in die-cutting, box-making and off-line gluing equipment have been made in the last eight years and the company continues to invest.

A Dual station CAD carton design system and CAD cutting table allow the Eastern Box to provide a complete product design service. From initial enquiry customers can see pack designs and obtain accurate samples within 24 hours.

Eastern Box Company manufacture all types and styles of conventional glued and stitched corrugated cardboard boxes to order. Our manufacturing equipment allows us to make boxes in a wide variety of sizes, from only a few inches square, up to and including boxes that fill a standard 40" x 48" pallet. Production runs can be from a 100 to 100,000, subject to pricing and raw material availability

Eastern Box is part of the D S Smith Packaging Limited, the largest corrugated manufacturing group in the UK. To find out how we can help you, call us on 01507 600533 today.
